

Diabetes Scientific Program - Module II

The Road to Control T2 Diabetes

October 9th, 2015 | Rosewood Hotel, Abu Dhabi

Welcome Note

Dear Colleagues,

On behalf of the scientific committee, we have the pleasure to welcome you to **"The Road to Control T2 Diabetes"** seminar to be held at Rosewood Hotel, Abu Dhabi on **October 9, 2015**.

The program aims to discuss the latest developments in diabetes and management strategies and the scientific program will cover a wide array of topics and state-of-the-art lectures.

The meeting gathers prominent speakers and experts in their fields for engaging discussions, information sharing, and experience-based perspectives.

The Seminar serves as a dynamic forum which promotes productive clinical debates between practicing physicians and researchers on the critical issues within the field of diabetes today.

This event prides itself on having the most up-to-date clinical, scientific and academic program, concentrating not only on future therapies, but also on disease prevention and treatment goals.

We take this opportunity to welcome your participation and wish you a pleasant learning experience.
