Welcome Note

Dr. Faisal Khanani

Dr. Naser Al Zein

Dear Colleagues,

On behalf of the scientific and organizing committees, it gives us great pleasure to invite you to the **2nd International Conference on Hemophilia and Rare Bleeding Disorder** in partnership with the World Federation of Hemophilia to be held on **7-8 October 2023** at the Grand Hyatt Hotel, Abu Dhabi, UAE.

The conference aims to present the most recent advances, exchange the latest science and discuss the newest clinical applications designed to improve care and treatment for patients with Hemophilia and rare bleeding disorders in the UAE and around the region. The scientific committee has developed a comprehensive two-day program highlighting the current challenges and clinical development in Hemophilia and rare bleeding disorders.

The program gathered leading experts in the field who have brought cutting-edge science, and practice to bear on the devastating problem of Hemophilia and Bleeding Disorders.

The conference provides a forum for educational opportunities as well as a chance to interact with colleagues and experts in the field. The Scientific Program will offer a great selection of educational sessions that will feature cutting-edge presentations, keynote lectures, case presentations, debates, special panel discussions, and livelier interactions with industry leaders and experts in hemophilia and bleeding disorders.

The international conference on hemophilia and rare bleeding disorders has been intended in an interdisciplinary way that will provide you with a unique opportunity to meet up with peers from both academia and industry and establish a scientific network between them. The program will bring extreme exposure to our attendees, so we make sure that this event is a blend that covers high experts, researchers, professionals, scientists, and young scholars.

This meeting will promise you the highest scientific, and educational opportunities. It also provides the best networking platform with national and international, while expanding existing connections or creating new ones.

Let's meet in October 2023 with the most magnificent gatherings around the region that provides an assertion to discover the latest knowledge and innovations in the field of hemophilia and rare bleeding disorders.

We are very much looking forward to welcoming you all to the conference.
