About Abu Dhabi

Welcome Note

Dear Colleagues,

On behalf of the organizing committee, it is our utmost pleasure to extend a warm welcome to all of you for the **9th International Pediatric Congress for Hypospadias & Disorder of Sex Development (ISHID)**, in collaboration with the Emirates Pediatric Surgery Association. This esteemed congress, hosted by the International Society for Hypospadias and DSD (ISHID), is scheduled to take place on May 11-12, 2024, at Park Rotana in Abu Dhabi, UAE.

The primary objective of this congress is to build upon the achievements of previous editions by promoting research in the specialized and intricate field of congenital genito-urinary anomalies, with a particular focus on hypospadias and disorders of sex development. The international scientific program committee is dedicated to curating an inclusive and diverse program, featuring a distinguished international faculty of influential figures who will converge in Abu Dhabi to exchange insights and share their experiences.

This congress provides a unique platform for interdisciplinary dialogue, bringing together scientists, surgeons, physicians, and psychologists. The program will encompass a wide range of formats, including Video Presentations of Procedures, Keynote Presentations, Pro-Con Debates, Discussions and Free Papers. These varied presentations will contribute to a comprehensive understanding of the subject matter and, most importantly, foster collaborative efforts to enhance patient outcomes on a global scale.

In addition to the enriching educational sessions, the congress will feature interactive sessions and opportunities to engage with experts from around the world. As we approach this significant milestone, marking over nine years of groundbreaking research and innovation, we anticipate a vibrant exchange of ideas and experiences among participants from various specialties dedicated to the care of patients with abnormalities of the external genitalia.

Moreover, this conference offers a remarkable networking platform, fostering future collaborations in both academic and clinical settings. We encourage you to seize this opportunity to connect with peers, share your expertise, and contribute to the advancement of hypospadias and disorders of sex development.

We extend our sincere gratitude for your active participation, and we firmly believe that this congress will be a memorable and rewarding educational experience for all attendees. Once again, thank you for your participation, and we eagerly look forward to a highly successful and impactful congress.

Warm regards,

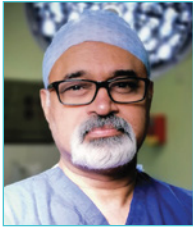

Prof. Amin El-Gohary

President of ISHID
Professor & Head of the Department of Pediatric Surgery,
Burjeel Hospital, Abu Dhabi, UAE

Dr. Ghadir Jawad Jaber

President, Emirates Pediatric Surgery Association
Consultant Pediatric Surgeon
Al Jalila Children's Hospital, Dubai, UAE

Scientific Committee

Prof. Abraham Cherian

Consultant Paediatric Urologist
Great Ormond Street Hospital for
Children NHS Foundation Trust,
London, UK

Prof. Tahmina Banu

Director, Chittagong Research Institute
for Children Surgery (CRICS)
Chittagong Medical College Hospital,
Bangladesh

Prof. Saber Mohamed Waheeb

Professor of Pediatric Surgery,
Faculty of medicine, Alexandria university
CEO, CEO and Head of Scientific and
Medical Council, Nile of Hope Hospital,
Alexandria, Egypt

Prof. Yasir Jamal

Head of Pediatric Surgery Unit,
Faculty of Medicine, Chairman
of the Centre of Sex Determination
and Correction, King Abdulaziz
University Hospital (KAUH), KSA

Dr. Pramod Reddy

Director, Division of Paediatric Urology,
Cincinnati Children's Hospital, USA

Dr. Asaad Matar

The President of the international
medical Academy, General Director
of international Centre of Andrology,
Professor Urologist-Andrologist
Surgeon Moscow, Russia

Dr. Hilal Matta

Chair of Surgery Department
Consultant Paediatric Surgeon &
Chief of Pediatric Surgery
Tawam Hospital, Al Ain, UAE

Dr. Diary Mohammad

Consultant Paediatric Surgeon
Al Jalila Children Hospital
Dubai ,UAE

Dr. Mohamed Hobeldin

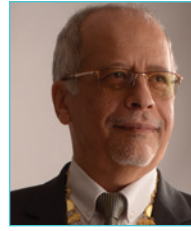

Consultant Pediatric Surgeon &
Pediatric Urologist
Sheikh Khalifa Medical City
Abu Dhabi, UAE

Organizing Committee

Prof. Amin El-Gohary
President of ISHID,
Professor & Head of the Dept. of
Paediatric Surgery, Burjeel Hospital,
Abu Dhabi, UAE

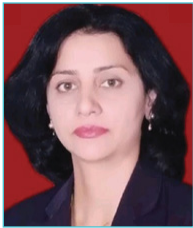

Prof. Sameh Mahmoud Shehata
President of WOFAPS Foundation
Professor of Pediatric Surgery
Faculty of Medicine,
University of Alexandria, Egypt.

Prof. Devendra Kumar Gupta
Honorary Professor,
Centre for Biomedical Research, Lucknow
Sydney, Australia

Prof. Iftikhar Ahmad Jan
Chair of Pediatric Surgery
Sheikh Shakhbout Medical City,
Abu Dhabi, UAE

Prof. Shilpa Sharma
Secretary General WOFAPS
Professor of Pediatric Surgery
All India Institute of Medical Sciences,
New Delhi, India

Dr. Mohamed Abdelaziz
Professor of Pediatric Surgery,
Al Azhar University, Cairo, Egypt

Dr. Ahmed Nabil
Consultant of Pediatric Surgery,
Monofia University, Egypt

Mr. Khaled Afify
Chief Executive Officer,
MENA Conference,
Abu Dhabi, UAE

Conference Objectives

- Discuss congenital genito-urinary anomalies, focusing on hypospadias and intersex disorders
- Provide healthcare professionals with insights into the clinical research and management strategies required in this very specialist and multi factorial area of medicine.
- Improve the outcome of patients with abnormalities of the external genitalia

Who Should Attend

This is a multi-professional Congress involving:

- Pediatric Surgery
- Pediatric Urology
- Pediatric Sub-Specialties
- General Pediatrics
- Neonatology
- Urology
- Surgery
- Gynecology
- Endocrinology
- Family Medicine
- Social Work
- Medical Genetics
- Genetic Counselling
- Psychology
- Psychiatry
- Specialist Nursing
- Adolescent Specialists

The program will have sessions dedicated to each specialty and plenary sessions of broader interest

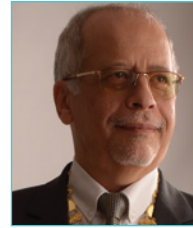

Key Topics

- Normal and Abnormal Genital Development
- DSD Peri-natal management
- DSD - Early Assessment and Treatment
- Prenatal Intervention
- Post-natal management of DSD
- DSD from Endocrinological Aspect
- CAH Surgery and Outcomes
- Complicated Hypospadias: Integrated Management
- Disorders of sex development: is it all in the genes?
- Hypospadias: Hypospadias Concepts and Minor Issues
- GONADS IN DSD
- Gonads and gender identity
- Endocrine function of retained gonads
- Premalignant potential of Gonads
- Hypospadias: Distal Hypospadias Technique
- Hypospadias : Single Stage vs Two Stage
- Hypospadias: More than Surgery (Epidemiology, Genetics, Adjuvant endocrine therapy, Penile perception)
- Psychological Assessment of DSD
- Disorders of sex development (DSD): Quality of Life
- Interactive Cases Discussion
- Meet the Experts Session

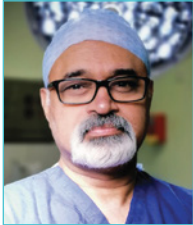

Speakers

Prof. Amin El-Gohary
 President of ISHID,
 Professor & Head of the Dept. of
 Paediatric Surgery, Burjeel Hospital,
 Abu Dhabi, UAE

Prof. Sameh Mahmoud Shehata
 President of WOFAPS Foundation
 Professor of Pediatric Surgery
 Faculty of Medicine,
 University of Alexandria, Egypt.

Prof. Abraham Cherian
 Consultant Paediatric Urologist
 Great Ormond Street Hospital for
 Children NHS Foundation Trust,
 London, UK

Dr. Mohamed Sameh Shalaby
 Consultant Paediatric Surgeon and Urologist
 Bristol Royal Hospital for Children
 Bristol, United Kingdom

Prof. Yasir Jamal
 Head of Pediatric Surgery Unit,
 Faculty of Medicine, Chairman
 of the Centre of Sex Determination
 and Correction, King Abdulaziz
 University Hospital (KAUH), KSA

Prof. Devendra Kumar Gupta
 Honorary Professor,
 Centre for Biomedical Research, Lucknow
 Sydney, Australia

Dr. Asaad Matar
 The President of the international
 medical Academy, General Director
 of international Centre of Andrology,
 Professor Urologist-Andrologist
 Surgeon Moscow, Russia

Prof. Iftikhar Ahmad Jan
 Chair of Pediatric Surgery
 Sheikh Shakhboub Medical City,
 Abu Dhabi, UAE

Prof. Saber Mohamed Waheeb
 Professor of Pediatric Surgery,
 Faculty of medicine, Alexandria university
 CEO, CEO and Head of Scientific and
 Medical Council, Nile of Hope Hospital,
 Alexandria, Egypt

Prof. Mohamed A Baky Fahmy
 Emirates professor and head of Pediatric
 Surgery Department ; Faculty of Medicine
 for Girls, Al Azhar University, Cairo, Egypt

Prof. Ashraf T. Hafez
 Professor & Head of Pediatric Urology
 Urology & Nephrology Center
 Mansoura University, Mansoura, Egypt

Dr. Mohamed Abdelaziz
 Professor of Pediatric Surgery,
 Al Azhar University, Cairo, Egypt

Dr. Ahmed Nabil
 Consultant of Pediatric Surgery,
 Monofia University, Egypt

**Dr. Mohamed Abdelmalak
 Morsi Abokandil**
 Consultant of Pediatric Surgery,
 Alexandria university Hospitals
 General manager of Nile of Hope Hospital
 Alexandria, Egypt

Speakers

Prof. Shilpa Sharma
Secretary General WOFAPS
Professor of Pediatric Surgery
All India Institute of Medical Sciences,
New Delhi, India

Prof. Amine Ksia
Professor of Pediatric Surgery
Faculty of Medicine,
Fattouma Bourguiba University Hospital,
Monastir, Tunisia

Dr. Amilal Bhat
Founding Chairman ,Pediatric Urology Section
of USI and BHRUHRC, Bhat's Hypospadias and
Reconstructive Urology Hospital and Research
Centre, India

Prof. Heino F. L. Meyer-Bahlburg
Research Scientist, New York State
Psychiatric Institute; Professor of Clinical
Medical Psychology (in Psychiatry),
Vagelos College of Physicians & Surgeons
of Columbia University New York, USA

Dr. Abdalnaser Alsaid
Consultant Pediatric Urologist
Head of Pediatric Urology unit
IBN Sina hospital, Kuwait

Dr. Sonia Pérez-Bertólez
Pediatric Surgery Physician
SJD Barcelona Children's Hospital
Barcelona, Spain

Prof. Essam A. Elhalaby
President of the Arab Association of
Pediatric Surgeon (AAPS)
Professor of Pediatric Surgery
Faculty of Medicine, Tanta University,
Egypt, Medical Director of Kennana
Children's Medical Center, Tanta, EGYPT

Prof. Ahmed khairi
Head of pediatric surgery
Alexandria faculty of medicine
Egypt

Prof. Nabil Mostafa Dessouky
Professor of Pediatric Surgery
Division Of Pediatric Surgery
Children's University Specialized Hospital,
Cairo, Egypt.

Prof. Tahmina Banu
Director, Chittagong Research Institute
for Children Surgery (CRICS)
Chittagong Medical College Hospital,
Bangladesh

**Prof. Dr. Adham Ahmed Wafaa
Mohamed Elsaied Moustafa**
HOD, Department of Pediatric surgery,
Mansoura university children hospital,
Faculty of Medicine, Mansoura University
Mansoura, Egypt

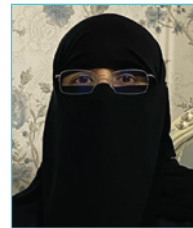

Dr. Mohammad Ilyas Bader
Consultant Pediatric Urologist and
General Surgeon,
Sheikh Shakhboub Medical City
Abu Dhabi, UAE

Prof. Hamdan Hammad Al-Hazmi
Professor & Consultant of Pediatric Urology
Prince Sultan Military Medical City
Riyadh, Saudi Arabia

Dr. Richard N. Yu
Assistant Professor in Surgery (Urology)
Boston Children's Hospital and
Harvard Medical School, Boston, USA

Prof. Ettedal A. AlJahdali
Consultant
King Abdul- Aziz University and Hospital
Jeddah, Saudi Arabia

Oral Presenters

Dr. Diary Mohammad
Consultant Paediatric Surgeon
Al Jalila Children Hospital
Dubai, UAE

Dr. Moustafa Hamchou
Adjunct assistant Professor of
Surgery in CMHS
Consultant Paediatric Surgeon
Tawam Hospital, Al Ain, UAE

Prof. Rachid Ouslim
Past President of Algerian Society of
Pediatric Surgery
President of Pediatric Surgery
University Hospital of Oran
"Mohamed-Boudiaf Hospital", Oran, Algeria

Dr. Mazen Omar Kurdi
Associate Professor and
Consultant of Pediatric Surgery
King Abdul-Aziz University Hospital
Jeddah, Saudi Arabia

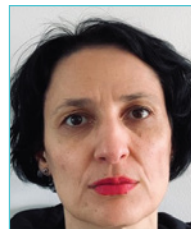

Dr. Yasser Zaghloul
Senior Consultant
Sheikh Khalifa Medical City
Abu Dhabi, UAE

Dr. Harparkash Singh Miglani
Consultant Pediatric Surgeon
Miglani Hospital
Amritsar, Punjab, India

Prof. Dr. Nabila Talat
Dean Faculty of Surgery & Allied
Chairperson department of Paediatric Surgery
University of Child Health sciences,
The Childrens hospital Lahore Pakistan
Lahore, Pakistan

Prof. Suzana Srsen Medancic
Pediatric Surgeon
University hospital center,
Rijeka, Croatia

Prof. Yosra Kerkeni
Pediatric surgery Professor
Department of pediatric surgery "A" of Tunis
Tunis El Manar University
Tunis-Tunisia

Prof. Nagi Mostafa Ahmed Amer
Prof of Anesthesia, Pain and ICU
Cairo University college of Medicine
Cairo, Egypt

Assistant Professor
Department of Paediatric Surgery
All India Institute of Medical Sciences (AIIMS)
Vijaypur, Jammu, India

Dr. Yosra Ben Ahmed
Associate Professor
Bachir Hamza children Hospital
Tunis-Tunisia

Dr. S.M. Borhan Uddin
Assistant Professor
Sir Salimullah Medical College
Dhaka, Bangladesh

**Prof. Dr. Mouafo Tambo
Faustin Felicien**
Pediatric surgeon
Yaoundé Gynaeco-Obstetric and
Pediatric Hospital, Yaoundé
Cameroon

Oral Presenters

Dr. Mohamed Elsherbiny
Associate professor of pediatric surgery
Mansoura university
Egypt

Dr. Ahmed Alzahrani
Consultant Pediatric Urologist
King Fahd Military Medical Complex
Dhahran, Saudi Arabia

Dr. Varsha Madhavnarayan Totadri
Assistant Professor
Kalinga Institute of Medical Sciences
Bhubaneswar, Odisha, India

Dr. Shrishti Kanodia
Senior Resident
Vardhaman Mahavir Medical College
and Safdarjung Hospital
New Delhi, India

Dr. Revanth kalla
Academic senior resident
All India Institute of Medical Sciences
Raipur, India

Dr. Hajer Drissi
Resident
Children's Hospital of Tunis
Tunisia

Dr. Salma Kharrat
Resident
Pediatric Surgery Department of
Habib Thameur Hospital,
Tunis, Tunisia

Dr. Faisal Ghazi Mosaad
Resident
King Abdulaziz University Hospital
Jeddah, Saudi Arabia

Moderators

Dr. Hilal Matta

Chair of Surgery Department
Consultant Paediatric Surgeon &
Chief of Pediatric Surgery
Tawam Hospital, Al Ain, UAE

Dr. Ghadir Jawad Jaber

President, Emirates Pediatric Surgery
Association, Consultant Pediatric Surgeon
Al Jalila Children's Hospital,
Dubai, UAE

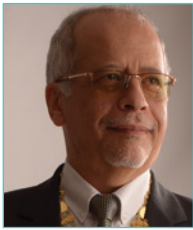

Prof. Hossam Hamdy

Professor of Surgery & Medical Education
Chancellor, Gulf Medical University,
Ajman, UAE

Prof. Dr. Adham Ahmed Wafaa Mohamed Elsaied Moustafa

HOD, Department of Pediatric surgery,
Mansoura university children hospital,
Faculty of Medicine, Mansoura University
Mansoura, Egypt

Prof. Sameh Mahmoud Shehata

President of WOFAPS Foundation
Professor of Pediatric Surgery
Faculty of Medicine,
University of Alexandria, Egypt.

Scientific Program - MAY 11, 2024 (SATURDAY)

TIME	TOPIC	SPEAKER
07:30-08:30	Registration	
08:30-08:45	Welcoming Remarks	
Session 1: Chair: Dr. Ghadir Jawad Jaber, Prof. Dr. Adham Ahmed Wafaa Mohamed Elsaied Moustafa, Prof. Hossam Hamdy, Prof. Sameh Mahmoud Shehata , Prof. Devendra Kumar Gupta		
08:45-09:00	The Mystery X and the Story of Y	Prof. Amin El-Gohary UAE
09:00-09:15	Proximal Hypospadias- The Bristol Experience	Dr. Mohamed Sameh Shalaby UK
09:15-09:30	Current state of affairs: DSD surgery in the UK	Prof. Abraham Cherian UK
09:30-09:45	Challenges in the management patient with 45 X0 DSD	Prof. Essam A. Elhalaby Egypt
09:45-10:00	Delayed Surgical Management of Genital ambiguity in CAH	Dr. Richard N. Yu Harvard
10:00-10:15	Panel Discussion	
10:15-10:45	Opening Ceremony	
10:45-11:00	Coffee Break	
Session 2 VIDEO SESSIONS - How I Do it Chair: Dr. Mohamed Sameh Shalaby, Dr. Richard N. Yu		
11:00-11:12	Grafted TIP (G-TIP) repair for Distal HPS	Dr. Abdalnaser Alsaid Kuwait
11:12-11:24	Step-by-step correction of chordee to decrease chances of penile shortening	Dr. Amilal Bhat India
11:24-11:36	Distal hypospadias repair	Prof. Hamdan Hammad Al Hazmi KSA
11:36-11:48	Management of urogenital sinus	Prof. Nabil Mostafa Dessouky Egypt
11:48-12:00	Modified Mansoura Technique for Proximal Hypospadias, a modification of koyanagi technique	Prof. Dr. Adham Elsaied Egypt
12:00-12:12	Rotation of the corpora cavernosa for the ventral penile curvature	Dr. Sonia Pérez-Bertólez Spain
12:12-12:24	Double Flap as 2nd layer for Hypospadias repair	Prof. Iftikhar Ahmad Jan UAE
12:24-12:32	Feminizing Genitoplasty	Prof. Essam A. Elhalaby Egypt
Session 3 ORAL PRESENTATION Chair: Prof. Hamdan Hammad Al Hazmi, Prof. Essam A. Elhalaby		
12:32-12:42	Females with Y Chromosome: Different pathology with similar phenotype	Dr. Diary Mohammad UAE
12:42-12:52	Outcomes of hypospadias repair based on surgical techniques: A 4-year retrospective study	Dr. Faisal Ghazi Mosaad KSA
12:52-13:02	DSD surgery: How and When? a 20 years' experience	Dr. Hajer Drissi Tunisia
13:02-13:12	Our Experience in the Management of Children with Ovotestis 46 XX, DSD at the Yaoundé Gynaec-Obstetric and Paediatric Hospital: A Report on 36 Cases	Prof. Dr. Mouafo Tambo Faustin Felicien Yaoundé
13:12-13:24	Tips and tricks for use of PRF during hypospadias repair	Prof. Dr. Mohamed Said Elsherbiny Egypt
13:24-13:34	Byar Flap Staged Repair for Proximal Hypospadias: KFMMC Experience	Dr. Ahmed Al Zahrani KSA
13:34-13:46	Q & A Discussion	
13:46-14:50	Prayer & Lunch Break + Poster Session 1	
Session 4 PANEL DISCUSSION ON LATE PRESENTATION OF DSD Chair: Prof. Amin El-Gohary		
14:50-16:05	Delayed presentation of DSD Panelists: 1. Prof. Yasir Jamal KSA 2. Prof. Tahmina Banu Bangladesh 3. Prof. Iftikhar Ahmad Jan UAE 4. Prof. Nabil Mostafa Dessouky Egypt 5. Prof. Devendra Kumar Gupta Sydney	
16:05-16:15	Break	

Scientific Program - MAY 11, 2024 (SATURDAY)

TIME	TOPIC	SPEAKER
Session 5 Chair: Dr. Hilal Matta, Dr. Abdunaser Alsaïd		
16:15-16:30	UGS mobilization for CAH	Prof. Ashraf T. Hafez Egypt
16:30-16:45	DSD Bangladesh Experience	Prof. Tahmina Banu Bangladesh
16:45-17:00	Understanding and Addressing Hindgut Derivatives Abnormalities	Dr. Mohamed Abdelmalak Egypt
17:00-17:15	Evaluation of early outcomes of partial urogenital sinus mobilization in female with adrenal hyperplasia	Prof. Ahmad Khairi Egypt
17:15-17:30	Introduction to Pediatric Surgery Club (PSC), online educational/social platform for pediatric surgeons	Dr. Ahmed Nabil Egypt
17:30-17:45	Q & A Discussion	
17:45	END OF DAY 1	

Scientific Program - MAY 12, 2024 (SUNDAY)

TIME	TOPIC	SPEAKER
07:45-08:30	Registration	
08:25-08:30	Day 2 Welcome and introduction	
Session 6 ORAL PRESENTATION		
Chair: Prof. Mohamed A Baky Fahmy, Prof. Saber Mohamed Waheeb, Dr. Sonia Pérez-Bertólez		
08:30-08:40	Occurrence of urethrocutaneous fistula following distal penile hypospadias repair using polyglactin 910 vs. polydioxanone	Dr. Shrishti Kanodia India
08:40-08:50	Proximal hypospadias repair: single-stage or Bracka two-stage?	Dr. Hajer Drissi Tunisia
08:50-09:00	Natural Landmarks of Penile Skin: Nature's Tracings for a Better Cosmesis in Hypospadias Surgery - A New Dimension	Dr. Harparkash Singh Miglani India
09:00-09:10	Comparison of Stretched Penile Length in Hypospadias Patients with Stretched Penile Length of Normal Healthy Children Using Established Nomogram	Dr. Revanth kalla India
09:10-09:20	Corporeal derotation for the management of dorsal penile curvature associated with epispadias	Dr. Mazen Omar Kurdi KSA
09:20-09:30	Proximal Hypospadias, Tawam experience	Dr. Moustafa Hamchou UAE
09:30-09:42	Q & A Discussion	
Session 7		
Chair: Prof. Tahmina Banu, Prof. Abraham Cherian		
09:42-09:57	Controversies in Hypospadias Management	Prof. Amine Ksia Tunisia
09:57-10:12	Is cystourethroscopy a crucial preoperative step in severe and complex types of hypospadias?	Prof. Sameh Mahmoud Shehata Egypt
10:12-10:27	Long term outcome of DSD following male genitoplasty	Prof. Shilpa Sharma India
10:27-10:42	Definition and classification of proximal hypospadias. Algorithm for surgical decision	Prof. Saber Mohamed Waheeb Egypt
10:42-10:57	Q & A Discussion	
10:57-11:10	Coffee Break	
Session 8		
Chair: Prof. Mohamed A Baky Fahmy & Dr. Diary Mohammad		
11:10-11:25	Female Genital Mutilation and Its Corrective Reconstruction	Prof. Ettedal Aljahdali KSA
11:25-11:40	Rare complications of hypospadias surgery	Prof. Mohamed A Baky Fahmy Egypt
11:40-11:55	Long-term follow-up in hypospadias	Dr. Mohamed Abdelaziz Egypt
11:55-12:10	Hypospadias surgery: What is the best technique for each type	Dr. Asaad Matar Russia
12:10-12:25	Q & A Panel Discussion	
Session 9		
Chair: Prof. Shilpa Sharma, Prof. Iftikhar Ahmad Jan		
12:25-12:40	Primary and Re-do Surgical Experience in Management of DSD Cases over 4 Decades	Prof. Yasir Jamal KSA
12:40-12:55	Intersex Management Needs Diversification	Prof. Heino F. L. Meyer USA
12:55-13:10	Fertility preservation in children with XY differentiation in sex development (DSD)	Dr. Mohammad Ilyas Bader UAE
13:10-13:25	Complications of buccal mucosal graft	Prof. Mohamed A Baky Fahmy Egypt
13:25-13:40	Q & A Panel Discussion	
13:40-15:00	Prayer & Lunch Break & Poster Session 2	

Scientific Program - MAY 12, 2024 (SUNDAY)

TIME	TOPIC	SPEAKER
Session 10 ORAL PRESENTATION Chair: Dr. Ahmed Nabil, Dr. Mohammad Ilyas Bader, Prof. Asaad Matar		
15:00-15:10	Predictors of surgical revision after Duplay procedure for distal hypospadias repair	Dr. Yosra Kerkeni Tunisia
15:10-15:20	Ultrasound Guided Regional Techniques and No Needle Premedication protocols As Game changer for Happy Pain free and ERAS in Children	Prof. Dr. Nagi Amer UAE
15:20-15:30	Anesthetic Management of Hypospadias Repair; Updated Review	Dr. Yasser Zaghoul UAE
15:30-15:40	Assessment of the Clinico - psychosocial characteristics of Individuals with Disorders of Sexual Development (DSD)	Dr. Lucky Gupta India
15:40-15:50	The imperative of specialized DSD surgeons in developing countries	Prof. Nabila Talat Pakistan
15:50-16:00	Q & A Panel Discussion	
16:00-16:10	Break	
Session 11 ORAL PRESENTATION Chair: Prof. Yasir Jamal, Prof. Sameh Mahmoud Shehata, Dr. Mohamed Ahmed Abdelaziz Alzayat		
16:10-16:20	Changing approach to key steps of TIP urethroplasty can improve outcome in distal hypospadias repair	Dr. Suzana Srsen Medancic Croatia
16:20-16:30	Posterior Hypospadias: Aesthetic and Functional Results	Dr. Yosra Ben Ahmed Tunisia
16:30-16:40	The use of cover flap is better than to come back in proximal hypospadias: A 11-years' experience	Dr. Kharrat Salma Tunisia
16:40-16:50	Outcome of Mathieu Meatal Based Flip Flap Technique for Distal Hypospadias: A Retrospective Cohort Study in a Single Tertiary Care Centre	Dr. Varsha Madhavnarayan Totadri India
16:50-17:00	Multi-layer Repair of Post Urethroplasty Urethrocutaneous Fistula, A novel Technique: Our Experience in Tertiary Hospitals, Dhaka Bangladesh.	Dr. S.M. Borhan Uddin Bangladesh
17:00-17:10	Long-Term Outcomes of Disorders of Sex Development: Insights from Clinical Cases	Prof. Rachid Ouslim Algeria
17:10-17:22	Q & A Panel Discussion	
17:22	Closing Remarks	

9th International Pediatric Congress for Hypospadias & Disorder of Sex Development (ISHID)

in association with

Emirates Pediatric Surgery Association

11-12 May, 2024 | Park Rotana, Abu Dhabi, UAE

General Information

Venue

Park Rotana is a modern five-star business and leisure hotel in Abu Dhabi's dynamic Park Complex, home to Park Arjaan by Rotana and The Residences by Rotana. Landmark venues and attractions including Sheikh Zayed Grand Mosque and ADNEC are five minutes by road, while Abu Dhabi International Airport and entertainment destination, Yas Island, are just 15 minutes away.

Name Tags

Participants are required to wear their name tags throughout the meeting in order to be admitted to the lecture halls and other scheduled activities.

Refreshment and Lunch

Refreshment and lunch will be offered in accordance with the breaks indicated on the timetable.

Mobile Phones and Photography

Participants are kindly requested to keep their mobile phones silent mode in the conference hall and refrain from taking photographs during sessions. Free internet will be available in the exhibition area during the conference.

CME Accreditation

The 9th International Pediatric Congress for Hypospadias & Disorder of Sex Development (ISHID) has been Accredited by The European Accreditation Council for Continuing Medical Education (EACCME) for **15.0 European CME Credits** (ECMECs)

DAY 1, Saturday 11/05/2024 is Accredited for 7.5 CME Hours

DAY 2, Sunday 12/05/2024 is Accredited for 7.5 CME Hours

Certificate of Attendance

- Certificates can be downloaded at MENA Conference (www.menaconference.com) website 7 days post conference. A notification with the link and instructions on how it can be downloaded will be sent to your registered email address.
- All delegates are requested to complete the online evaluation prior to downloading their certificates as a mandatory requirement from the accreditation body.
- Each medical specialist should claim only those credits that he/she actually spent in the educational activity

Speakers' Biography

Prof. Amin El-Gohary

President of ISHID,
Professor & Head of the Dept. of
Paediatric Surgery, Burjeel Hospital,
Abu Dhabi, UAE

Prof. Amin El-Gohary is a highly esteemed medical professional who has made significant contributions in the field of paediatric surgery. Currently serving as the Chief of the Department of Paediatric Surgery at Burjeel Hospital in Abu Dhabi since March 2014, Prof. El-Gohary has demonstrated exceptional expertise and leadership in his role.

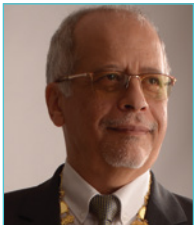

In addition to his current position, Prof. El-Gohary holds the prestigious title of President of the International Society of Intersex (ISHID) since 2018. This position showcases his commitment to advancing the understanding and treatment of intersex conditions on a global scale.

Prof. El-Gohary's career is marked by notable achievements and previous leadership roles. From 2012 to 2014, he served as the President of the Pediatric Surgical Association of the UAE, where he played a vital role in promoting high-quality paediatric surgical care in the region. Prior to this, he held the position of Clinical Dean at the Gulf Medical College in Ajman, UAE, from 2005 to 2009, contributing to the growth and development of aspiring medical professionals.

With an impressive academic background, Prof. El-Gohary has received several awards and distinctions throughout his career. Notably, he was awarded the Gold Medal from the Royal College of Ireland, highlighting his exceptional accomplishments in the field of paediatric surgery. He also holds a Distinction in Neonatal Surgery from Muenster University in Germany, further demonstrating his expertise in this specialized area.

Prof. El-Gohary's contributions to the medical field extend beyond clinical practice. He has served as an External Examiner to the Royal Colleges of London, Edinburgh, and Glasgow, showcasing his involvement in maintaining high standards of medical education. Additionally, he has been honored with a Medal from the Russian Society of Urology, recognizing his significant contributions in that area of expertise.

As a Visiting Professor at Muenster University, Eritrea Medical College, and Khartoum University, Prof. El - Gohary actively shares his knowledge and expertise with aspiring medical professionals. Moreover, he has served as the Vice Dean of Gulf Medical College in Ajman, further demonstrating his commitment to academic excellence.

Prof. Sameh Mahmoud Shehata

President of WOFAPS Foundation
Professor of Pediatric Surgery
Faculty of Medicine,
University of Alexandria, Egypt.

Prof Shehata is a professor of the pediatric surgery department, faculty of medicine, University of Alexandria, Egypt.

He is the president of the (WOFAPS) Foundation

Dr. Shehata is currently the head of the international relations office in Alexandria University.

The past president of the IPEG Middle East chapter.

The past president of the Egyptian Association of Pediatric Surgeons (EPSA).

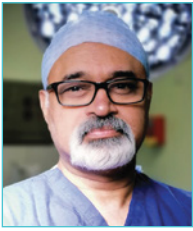

The past chairman of the pediatric surgery department, faculty of medicine, University of Alexandria, Egypt.

Dr. Shehata is the innovator of the technique of laparoscopic traction for the intra-abdominal testis known as the Shehata technique, which is widely practiced in many centers worldwide.

Speakers' Biography

Dr. Ahmed Nabil

Consultant of Pediatric Surgery,
Monofia University, Egypt

- Lecturer and Consultant of pediatric Surgery
- Consultant of pediatric surgery from EMS & SCFHS
- Owner of Pediatric surgery educational website www.pediatricsurgery.club

Dr. Mohamed Abdelmalak Morsi Abokandil

Consultant of Pediatric Surgery,
Alexandria university Hospitals
General manager of Nile of Hope Hospital
Alexandria, Egypt

In the dynamic field of pediatric surgery, Dr. Mohamed Abdelmalak has emerged as a consultant of high repute at the Nile of Hope Hospital and the Alexandria University Hospitals. His career, spanning over a decade, is distinguished by a deep commitment to treating complex congenital conditions, with a focus on colorectal surgery, urogenital surgery, and pelvic organ reconstruction.

Dr. Abdelmalak's journey in medicine is marked by academic excellence and a fervent pursuit of knowledge. After achieving his MB BCH with honors in 2009, he embarked on a path that led to a myriad of qualifications, culminating in a MD-PHD in pediatric surgery in 2021, a collaboration between Alexandria University and Nationwide Children's Hospital in Ohio, USA. His expertise is further backed by certifications such as the Arab Board of Pediatric Surgery and the prestigious Fellowship of the European Board of Pediatric Surgery.

Currently, Dr. Abdelmalak is not just a surgeon but a beacon of hope at his hospital, where his skills and knowledge significantly impact the lives of his young patients. His dedication to hospital management and operational excellence, evidenced by his AUC Diploma in 2022, underscores his holistic approach to healthcare.

As Dr. Abdelmalak continues to shape the future of pediatric surgery, his vision extends beyond the operating room. He is a mentor, a researcher, and a leader, poised to drive innovation and compassionate care in this challenging yet rewarding medical specialty.

Speakers' Biography

Prof. Shilpa Sharma

Research and innovation is one of his key interests as he seats as the Editor in chief of the journal African Review of Surgery and Specialties and has contributed to over 90 articles and chapters to pediatric surgical literature.

Oral Presenters' Biography

Dr. Mohamed Elsherbiny

Associate professor of pediatric surgery
Mansoura university
Egypt

During the last 21 years of my career in the field of pediatric surgery I had gained a very wide experience in the area of general pediatric surgery and its subspecialties. During my career I had operated and assisted in thousands of pediatric surgical procedures in the field of neonatal surgery, pediatric plastic surgery. I had also acquired a great experience in gastrointestinal surgical procedures, hypospadias surgery, Cleft cases and laparoscopic cases.

Now I'm working as associate professor of pediatric surgery at Mansoura University and I'm a board member at Egyptian pediatric surgery association (EPSA).

Dr. Ahmed Alzahrani

Consultant Pediatric Urologist
King Fahd Military Medical Complex
Dhahran, Saudi Arabia

- Graduated from King Faisal University, Dammam, Saudi Arabia 1995.
- Saudi Board in urology 2003.
- Pediatric urology fellowship, McGill University, Montreal , Canada, 2006-2009.
- Consultant pediatric urologist in KING FAHD MILITARY MEDICAL COMPLEX 2009 - till present.

Dr. Varsha Madhavnarayan Totadri

Assistant Professor
Kalinga Institute of Medical Sciences
Bhubaneswar, Odisha, India

I am Dr. Varsha. M. Totadri, hailing from Chennai, Tamil Nadu in India. Though born in Chennai, my family migrated to Dubai, U.A.E in 1994. I grew up in the beautiful area of Bur Dubai and did my schooling from the Kindergarten Starters until the 5th grade followed by Delhi Private School, Sharjah from 6th-12th grade. I passed my 12th boards as the UAE topper in the year 2010. The same year, I proceeded to join M.B.B.S in Kasturba Medical College, Manipal (Karnataka, India) and graduated in February 2016. In May 2017 I joined M.S General Surgery in Govt Stanley Medical College, Chennai and completed the same in September 2020. I got married in November 2020 and then joined MCh Paediatric Surgery in VMMC and Safdarjung Hospital, New Delhi in December 2020 and completed in December 2023. My thesis was titled "Early vs Delayed transanastomotic feeding in neonates with Tracheoesophageal fistula". I moved to Bhubaneswar, Orissa and joined Kalinga Institute of Medical Sciences as an Assistant Professor in the department of Paediatric Surgery. Apart from my career oriented passion, I enjoy reading fiction novels, running, swimming, dancing and travelling. Within my core subject, I have diverse interests but lately more so into Paediatric Urology and Paediatric Surgical Oncology.

Oral Presenters' Biography

Dr. Shrishti Kanodia

Senior Resident
Vardhaman Mahavir Medical College
and Safdarjung Hospital
New Delhi, India

Following my MBBS from Kasturba Medical College, Manipal in 2016, I pursued my MS in Pediatric Surgery at Nitte University in 2020. Now, as a recent graduate (2023) from the esteemed Vardhaman Mahavir Medical College and Safdarjung Hospital, New Delhi, I'm embarking on my journey as a pediatric surgeon. My thesis topic in MCh was "Occurrence of urethrocutaneous fistula following distal penile hypospadias repair using polyglactin 910 vs polydioxanone."

While I'm drawn to all aspects of the field, my particular interest lies in genitourinary and thoracic surgeries. Currently, I am working as a senior resident in the department of pediatric surgery in Vardhaman Mahavir Medical College and Safdarjung Hospital, New Delhi.

Dr. Revanth kalla

Academic senior resident
All India Institute of Medical Sciences
Raipur, India

Dr. Revanth kalla, is working as academic senior resident (Mch Pediatric surgery) (Final year) in AIIMS Raipur, India. He Completed his MBBS and MS general surgery.

Dr. Hajer Drissi

Resident
Children's Hospital of Tunis
Tunisia

I am in my 4th year of residency in the pediatric surgery department of Tunis Children's hospital. I am actually preparing my thesis for a doctorate in medicine, which I will be presenting very soon. I am delighted to take part in your congress and to have the privilege of sharing my work. I am confident that this experience will greatly contribute to my budding career in pediatric surgery.

Oral Presenters' Biography

Dr. Salma Kharrat

Resident
Pediatric Surgery Department of
Habib Thameur Hospital,
Tunis, Tunisia

Dr. Salma Kharrat is a highly motivated and dedicated 25-year-old pediatric surgery resident with a passion for her field. Throughout her academic and professional journey, she has garnered recognition and accolades, including certificates from prestigious organizations such as the Tunisian Association of Pediatric Surgeons and the Tunisian Association of Pediatrics. Salma's interest in pediatric surgery blossomed through diverse internships that provided her with valuable experiences in both pediatric and surgical settings. These opportunities not only deepened her understanding but also fueled her commitment to pediatric surgery. During her time as a medical student at the Faculty of Medicine at Sfax, Salma demonstrated astuteness and hands-on experiences laid a solid foundation for her career in pediatric surgery. Salma's drive, dedication, and continuous pursuit of excellence make her a promising professional in the field of pediatric surgery.

Dr. Faisal Ghazi Mosaad

Resident
King Abdulaziz University Hospital
Jeddah, Saudi Arabia

Resident
King Abdulaziz University Hospital
Jeddah, Saudi Arabia

About Abu Dhabi

Abu Dhabi is the largest emirate in the United Arab Emirates, occupying 84 per cent of the national landmass territory. It has 200 islands and a long coastline stretching 700km. Its total area is 67,340 sq. km. Abu Dhabi city in the emirate is the federal capital of the UAE.

Population

According to Abu Dhabi Statistics Centre The estimated population of the emirate around mid-2016 was 2,908,173 (comprising 1,857,618 males and 1,050,555 females). 551,535 were UAE nationals and 2,356,638 were expatriates. The average annual population growth rate for the years from 2010 to 2016 was 5.6 per cent.

Location and geography

The emirate of Abu Dhabi lies on the coast of the Arabian Gulf and is bordered by Sultanate of Oman to the east, the Kingdom of Saudi Arabia to the south and the west and the emirate of Dubai to the northeast. The three main regions of the emirate are:

- the city of Abu Dhabi
- Al Ain in the east
- Al Dhafrah (earlier known as Al Gharbia) in the west.

In the eastern region, to the south of Al Ain city is Jebel Hafeet - the emirate's highest peak (1,240 metres).

Al Dhafrah has seven main cities: Liwa, Madinat Zayed, Ghayathi, Ruwais, Mirfa, Sila and Delma Island.

The city of Abu Dhabi is connected to the mainland by four bridges: Maqta bridge, Mussafah bridge, Sheikh Zayed bridge and Sheikh Khalifa bridge.

Economy

Over the recent decades, the emirate of Abu Dhabi has undergone a significant transformation in economic growth. Due to the vision of Abu Dhabi's leaders and the abundance of oil and natural gas reserves, the emirate has grown to become a dynamic hub and major competitor on the global stage. While recognising the success of the oil sector, Abu Dhabi is working hard to reduce its hydrocarbons reliance and broaden the emirate's economy. Investment in infrastructure, tourism, transport, health and education is continuing, in line with the government's 2030 economic plan.

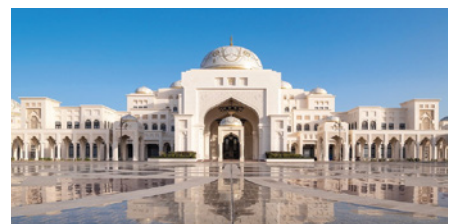

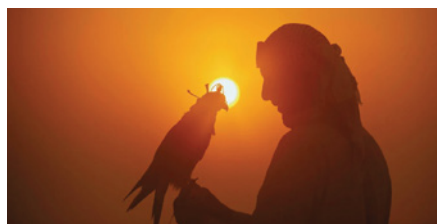

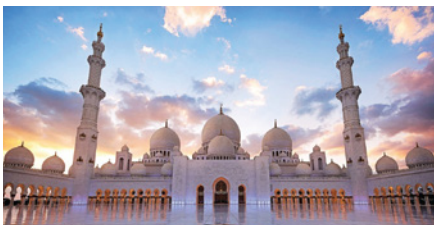

Tourism is playing an integral role in Abu Dhabi's economic development. Major investment in new luxury resorts and business hotels is underway. Abu Dhabi has many things to offer to its visitors and residents: a versatile landscape, thriving investment hub, and a friendly environment boasting one of the highest per capita incomes and one of the lowest crime rates in the world.

Touristic importance

Abu Dhabi has become a centre for world-class sporting events such as: the Abu Dhabi Golf Championship, the prestigious Abu Dhabi Desert Challenge cross-country rally and the Formula One Abu Dhabi Grand Prix.

In addition, the city will soon house the world's largest concentration of premier cultural institutions which will include the Sheikh Zayed National Museum, the Guggenheim Abu Dhabi and Louvre Abu Dhabi.

Abu Dhabi is rich in natural wonders too. While the emirate's famous Liwa oasis in the south of the emirate is home to some of the largest and most beautiful sand dunes in the world, the garden city of Al Ain in the foothills of Jebel Hafeet is home to several heritage sites.
