# Welcome Note

Dr. Faisal Khanani

Dr. Naser Al Zein

Dear Colleagues,

On behalf of the scientific and organizing committees, it gives us a great pleasure to invite you to the **"International Conference on Hemophilia and Rare Bleeding Disorder" in partnership with World Federation of Hemophilia** to be held virtually on **24-25 September, 2022** in Abu Dhabi, UAE

The conference aims to present the most recent advances, exchange the latest science and discuss the newest clinical applications designed to improve care and treatment for patients with Hemophilia and rare bleeding disorders in the UAE and around the region. The scientific committee has developed a comprehensive two-day program highlighting the current challenges and clinical development in Hemophilia and rare bleeding disorders.

The program gathered leading experts in the field who have brought cutting-edge science, and practice to bear on the devastating problem of Hemophilia and Bleeding Disorders.

The conference provides a forum for educational opportunities as well as a chance to interact with colleagues and experts in the field. The Scientific Program will offer a great selection of educational sessions that will feature cutting edge presentations, key note lectures, case presentation, debate, special panel discussions, and livelier interaction with industry leaders and experts in hemophilia and bleeding disorders.

The International Conference on Hemophilia and rare bleeding disorders has been intended in an interdisciplinary way that will provide you with a unique opportunity to meet up with the peers from both academia and industry and establish a scientific network between them. The program will bring the extreme exposure to our attendees, so we make sure that this event is a blend which covers high experts, research, professionals, scientists and young scholars.

This meeting will promise you the highest quality of scientific, and educational opportunities. It also provides the best networking platform with colleagues, both national and international, while expanding existing connections or creating new ones.

Let's meet in September 2022 with the most magnificent gatherings around the region that provides an assertion to discover the latest knowledge and innovations in the field of hemophilia and rare bleeding disorders.

We are very much looking forward to welcoming you all at the conference.

# International Conference on Hemophilia and Rare Bleeding Disorder

in partnership with World Federation of Hemophilia

24-25 SEPTEMBER 2022

VIRTUAL  
CONFERENCE  
Abu Dhabi, UAE

## What is a Virtual Conference?

A virtual conference is an event that happens completely online that attendees can access from wherever they are, providing they have internet access. By using the purpose-built platform, the event will be available online via PC, mobile or tablet for all to attend. The high-quality audio and visual feed can be accessed by participants globally. Delegates can interact, network and collaborate using web chat, audio chat or video chat functionalities built into our virtual event platform.

## Features

- Delegates can view in real time and switch between parallel sessions and access recordings of all sessions for up to two week after the conference within the platform.
- The online platform is being built to guarantee online networking opportunities with speakers and fellow conference delegates.
- Posters and a virtual exhibit hall are integrated.
- Compete with fellow participants to win a prize on our interactivity leader board, making connecting from your home or office more fun!

## Virtual Exhibition 2022

The online conference platform has been designed to guarantee a truly immersive and virtual experience for all participants. You will be able to network with exhibitors directly on the virtual booths and with fellow delegates using the intra-environment emails or instant chats along with open discussions in the lounge area with a special group chat included.

Free time to visit the exhibition and posters has been integrated into the program along with facilitated networking opportunities with speakers and fellow conference delegates.

## Continuing Medical Education

"An application has been made to the UEMS EACCME® for CME accreditation of this event"
