WELCOME NOTE

On behalf of the Continuing Education Committee of the IAC, it gives us great pleasure to welcome you to the "The International Academy of Cytology Tutorial on Gynecologic and Non Gynecologic Cytology - 1st UAE International Congress on Clinical Cytology" scheduled for December 8-10, 2016 at Jumeirah Etihad Towers Hotel, Abu Dhabi, UAE.

Clinical Cytology is a dynamic discipline and recent advances are making significant impact on disease management for both neoplastic and non-neoplastic conditions. The continuously evolving newer techniques for sample preparation, ancillary tests, reporting terminology and nomenclature require comprehensive presentations by experts in the field

The IAC Tutorial is an international meeting developed specifically to gather world class scientists, renowned teaching faculty and top leaders in the field to encourage exchange of knowledge, experience and best practices in the arena of Clinical Cytology.

UAE Cytology Congress is proud to bring such distinguished panel of experts for the 1st time to the Middle East. This 2016 congress anticipates more than 500 participants from around the globe and would include thought provoking lectures with cutting edge information alongside detailed discussions on recent technical developments and diagnostic issues of practical importance.

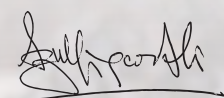

The conference involves an outstanding scientific program featuring lectures on Thyroid, Salivary Gland, Breast, Ancillary and Molecular Testing, Soft Tissue, Lung, Serous Cavity Effusion, Kidney/Adrenal, Lymph Nodes, Cerebrospinal Fluid, Urinary Tract Cytology, Pancreas, Liver, Gyn Cytology, HPV Testing and many more in addition to expert review sessions, unknown/interactive case discussions and glass slide video microscopy.

The academic excellence of a distinguished faculty and state of the art technology will be combined to bring an exceptional educational opportunity. The Congress will offer an excellent platform for scientific and social exchanges to share expertise, foster collaborations and assess evolving technologies across the world.

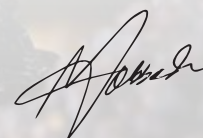

The voluntary IAC examinations for qualified interested candidates will be held on December 11.

We look forward to welcoming you all in December 2016 in the magnificent city of Abu Dhabi.

This is an opportunity not to be missed !

HIGHLIGHTED TOPICS INCLUDE

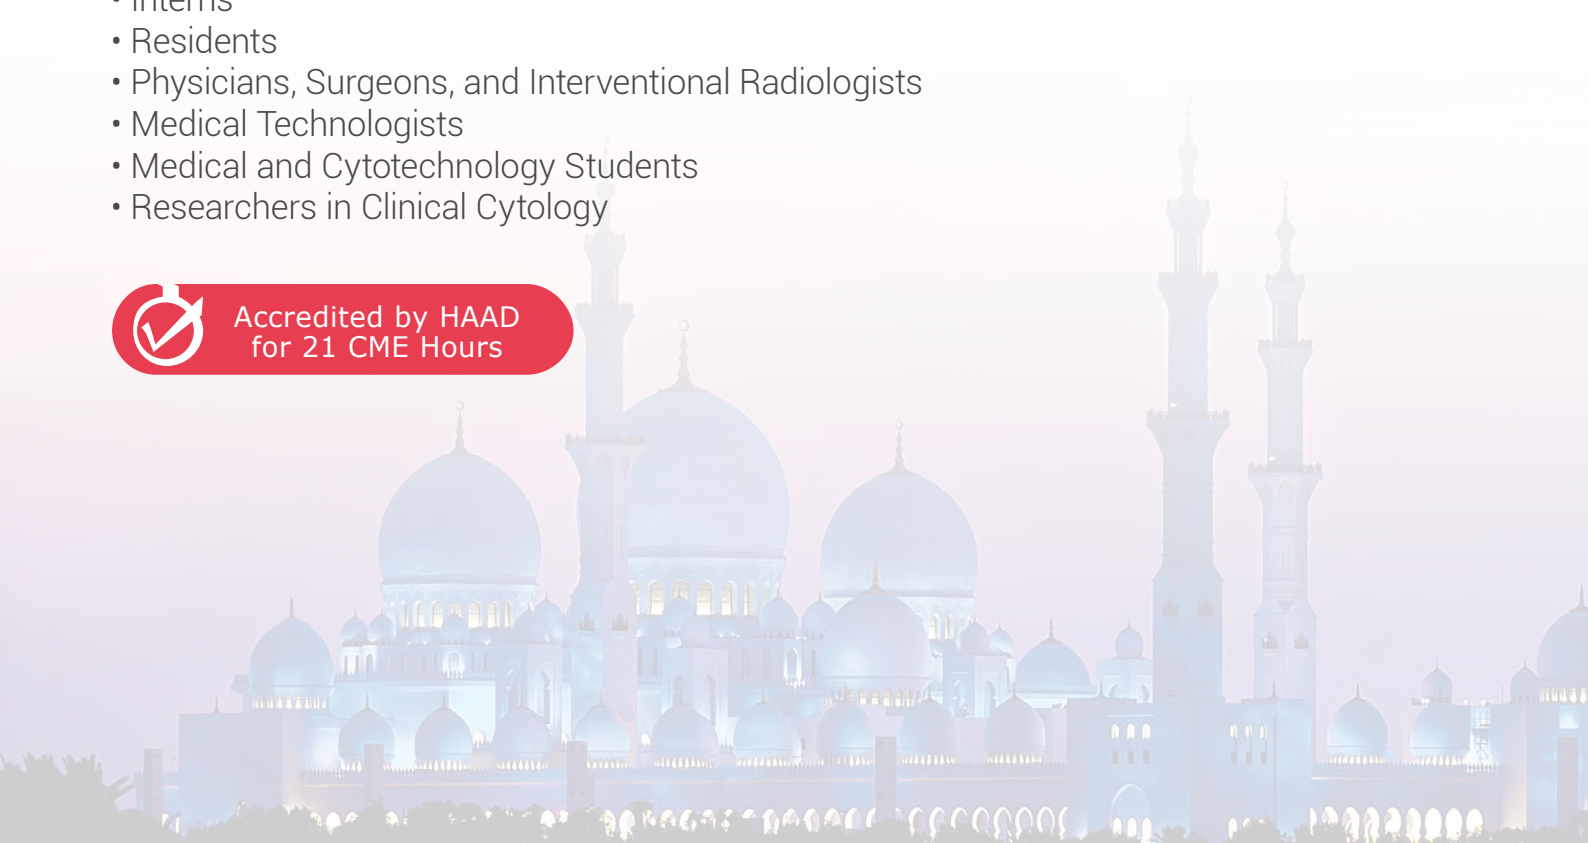

- Thyroid
- Salivary Gland
- Breast
- Ancillary and Molecular Testing
- Lung
- Malignant Lung
- Serous Cavity Effusion
- Kidney/ Adrenal
- Lymph Nodes
- Cerebrospinal Fluid
- Urinary Tract Cytology
- Pancreas
- Liver
- Gyn Cytology
- The Role of HPV Testing in Gynecologic Cytology

TARGET AUDIENCE

- Cytopathologists
- Cytotechnologists
- Pathologists
- Gynecologists
- Interns
- Residents
- Physicians, Surgeons, and Interventional Radiologists
- Medical Technologists
- Medical and Cytotechnology Students
- Researchers in Clinical Cytology
