Dear Colleagues,

On behalf of the scientific committee, it gives us immense pleasure to invite you to the **"2nd Abu Dhabi State of the Art Laparoscopic / Endourology Video Presentation in Pediatric Age Group Tips & Tricks by the Experts"** to be held at Rosewood Hotel in Abu Dhabi, UAE on **18-19 March, 2017**.

The conference is designed to meet the needs of Pediatric Surgeons, Urologists, and other related specialties, physicians-in-training, and nurses who wish to expand the understanding and increase the knowledge of Laparoscopic, Endourology and minimally invasive surgical and diagnostic techniques in children.

Sessions will concentrate on a variety of procedures, techniques and issues important to laparoscopic, endourology and minimally invasive surgery in paediatric age group.

The event will feature faculty of leading experts in this field, the meeting consists of updates of multiple topics, plenary sessions, expert review and discussion of surgical videos and hands on clinical practice workshops performed by master pediatric surgeons.

At the conference, you will see an impressive program, rich in scientific content. From innovation showcases, to working prototypes of surgical and medical devices, the congress is a unique gathering of delegates on the forefront of knowledge to improve surgical outcomes for children.

The video session will bring panels of Master Pediatric Surgeons together to show you the finer points of their techniques and to discuss how to handle different pediatric surgical cases with attention given to lessons learned and appropriate action/reaction.

We encourage you to join us for one of the exciting presentations and events we are planning, and experience firsthand the pride we take to improve health for children in the UAE and the region

With ample opportunity to network, collaborate, and share ideas for better techniques and tools to improve Laparoscopic and Endourology pediatric surgery in the region, this should be the meeting you plan to attend in 2017. Our collective excellence will ensure an engaging meeting where new ideas will abound to make every child whole.

Let's meet on March 18-19, 2017 and build new ideas for the future of pediatric surgery.

This is an opportunity not to be missed!
