Welcome Note

Dear Colleagues,

On behalf of the scientific committee, it gives us great pleasure to invite you to the "4th International Oncology Conference" which is planned to be held at Ritz Carlton Hotel in Abu Dhabi on 29th and 30th of September, 2016.

The international oncology conference has been established as the major event in the field of oncology, building on the overwhelming response on early detection and prevention of cancer based on feedback during the previous three conferences, our endeavor is to highlight importance of screening, early diagnosis and prevention of cancer leading to successful treatment outcomes.

With over 35 leading experts on cancer, the third international oncology conference was attended by more than 900 delegates and had a key note session by Nobel laureate Dr. Barry James Marshall.

The fourth International Oncology Conference will be one of the premier international cancer summit ever held in the region with the best scientific deliberations and distinguished faculty from major cancer institutes across the globe. The conference will enable participants to implement the cutting edge cancer research and critical tools into their daily practice to fight and prevent cancer, making a tangible difference for their patients.

To make this worthwhile event a complete scientific experience, great care is being taken to design the plenary sessions and a wide array of topics to be addressed by a renowned faculty and distinguished experts from the field of Oncology.

This conference will be an invaluable learning experience that will provide you with the best of science, technology, research and education in the field of oncology.

We look forward to your participation and to welcoming you in Abu Dhabi.
