# SPONSORSHIP INVITATION LETTER

Dear Partners,

On behalf of the scientific committee and organizing committee, it gives us great pleasure to invite you to **"Abu Dhabi Annual International Conference on Vitamin D Deficiency and Human Health"** which is planned to be held on **March 15-16, 2018** at the Jumeirah Etihad Towers Hotel, Abu Dhabi, UAE

Evidence has shown that adequate levels of Vitamin D may prevent multiple bone disorders such as rickets in children; and Osteoporosis, Osteomalacia, Osteopenia, in adults. Vitamin D Deficiency is thought to be a widespread public health problem globally; being more prevalent in places with limited sun exposure and in sunny countries like United Arab Emirates and the whole of Middle East.

Despite the numerous studies about the association between vitamin D and different health outcomes, there are still controversies defining the adequate vitamin D status, daily intake and the potential adverse health consequences of its deficiency. To date, there are various reports signifying vitamin D deficiency impact in autoimmune processes, several cancers, cardiovascular diseases, obesity, metabolic syndrome, neurological disorders, and pregnancy complications; however conclusive evidence about a causal relationship is still missing.

The main theme of the conference this year is "Vitamin D Deficiency from Prevention to Treatment". The meeting will focus on the latest research and clinical practice of vitamin D and its impact on human health throughout the life cycle. The program will include state of the art lectures on recent updates in the early detection, prevention, diagnosis and treatment of vitamin D deficiency and its role to human health.

Prominent national & international speakers and leading experts from various specialties will provide comprehensive, up-to-date, research-based answers to the most frequent questions that arise at patient's bedside in everyday practice.

This is an established international conference which will provide a very important exposure to sponsors. The conference provides a vital opportunity to promote your company, products and services. In terms of sponsorship, we offer exposure that will help position your brand and its strengths, and most importantly, feature your support to medical advancement in the UAE.

The sponsorship also comes with a diverse portfolio of promotional opportunities. We would be more than happy to provide you with more information and on how we could best tailor these to suit your needs.

Being an important partner to us, we would encourage your participation in this important conference. We have enclosed a sponsorship commitment letter that details the different levels of participation from which you can choose how you would like to participate in the event and support our efforts.

We appreciate your support in the past and hope you continue to partner with us in this work

Best regards,
