

Diabetes Scientific Program

Ultra-Long Basal-Bolus Summit

April 28, 2017 | Oberoi Hotel - Business Bay, Dubai, UAE

Welcome Note

Dear Colleagues,

On behalf of the scientific committee, it gives us great pleasure to invite you to the **"Ultra-long Basal-Bolus Summit"** to be held on **April 28, 2017** at Oberoi Hotel - Business Bay, Dubai, UAE.

The seminar aims to discuss the latest developments in diabetes management and suggest strategies for practitioners to implement them in practice.

The scientific program covers a wide array of topics and state-of-the-art lectures presented by high caliber speakers and experts in their fields for engaging discussions, information sharing and experience-based perspectives.

The Symposium serves as a dynamic forum which promotes productive clinical debates between practicing physicians and researchers on the critical issues within the field of diabetes today.

The event prides itself on having the most up-to-date clinical, scientific and academic program concentrating on future therapies.

We take this opportunity to welcome your participation and hope that the meeting will be of great benefit to all participants.

Hamed Farooqi
